**Pope Francis' Top 10 List for Finding Happiness (*continued from last week*)**

6. Find innovative ways to create dignified jobs for young people. "We need to be creative with young people. If they have no opportunities they will get into drugs" and be more vulnerable to suicide, he said. "It's not enough to give them food," he said. "Dignity is given to you when you can bring food home" from one's own labor
7. Respect and take care of nature. Environmental degradation "is one of the biggest challenges we have," he said. "I think a question that we're not asking ourselves is: 'Isn't humanity committing suicide with this indiscriminate and tyrannical use of nature?'"
8. Stop being negative. "Needing to talk badly about others indicates low self-esteem. That means, 'I feel so low that instead of picking myself up I have to cut others down,'" the pope said. "Letting go of negative things quickly is healthy."
9. Don't proselytize; respect others' beliefs. "We can inspire others through witness so that one grows together in communicating. But the worst thing of all is religious proselytism, which paralyzes: 'I am talking with you in order to persuade you,' No. Each person dialogues, starting with his and her own identity. The church grows by attraction, not proselytizing," the pope said.
10. Work for peace. "We are living in a time of many wars," he said, and "the call for peace must be shouted. Peace sometimes gives the impression of being quiet, but it is never quiet, peace is always proactive" and dynamic.

**Lista de las 10 cosas que debe hacer para encontrar la felicidad por el Papa Francisco  
(continúa de la semana pasada)**

6. Encontrar maneras innovadoras para crear empleos dignos para los jóvenes. "Tenemos que ser creativos con los jóvenes. Si no tienen las oportunidades se involucran con las drogas" y son más vulnerables al suicidio, dijo. "No es suficiente darles de comer", dijo. "La dignidad se recibe cuando uno puede traer a casa los alimentos" con su propia mano de obra.
7. Respetar y cuidar a la naturaleza. La degradación ambiental "es uno de los mayores desafíos que tenemos", dijo. "Creo que una pregunta que nos debemos hacer es:" ¿Puede ser que la humanidad esta suicidándose con este uso indiscriminado y tiránico de la naturaleza ' "
8. Deja de ser negativo. "La necesidad de hablar mal de otros indica una baja autoestima. Eso quiere decir, 'Me siento mal, y en lugar de animarme, tengo que degradar a otros", dijo el Papa. "Poder soltar las cosas negativas rápidamente es saludable."
9. No hacer proselitismo; respetar las creencias de los demás. "Podemos inspirar a otros a través del testimonio de modo que uno crece junto al comunicarse. Pero lo peor de todo es proselitismo religioso, que paraliza: 'Estoy hablando con usted con el fin de persuadirlo. Los diálogos empiezan por su propia identidad. La iglesia crece por atracción, no proselitismo ", dijo el Papa.
10. Trabajar por la paz. "Estamos viviendo en una época de muchas guerras", dijo, y "la llamada a la paz se debe gritar. Paz a veces da la impresión de ser tranquila, pero nunca es tranquila, la paz es siempre proactiva" y dinámica.
