1. 2016-2017 goals
 - Monthly tips to provide parishioners with simple ideas on how to practice the 14 Corporal and Spiritual Works of Mercy – in this year of mercy that started in April.
 - Training guide and Process for Mass Coordinators will be available in July in Power Point format.
2. Review PAR Process – Highlights
 - Going Well
 - i. Monthly meetings – for leaders to come together, talk and find out what's going on.
 - ii. All ministries have a place to go once a month to get answers or information.
 - iii. Each commission has a liaison for each ministry to provide 2-way conversation.
 - iv. One central contact for each ministry.
 - v. Budget process helps ministries with planning disciplines. Think ahead and be proactive with their needs.
 - Needing Help
 - i. Lack of integration with non-English speaking communities – The most impactful being the Hispanic Community.
 - ii. Balancing between updating and planning. A few of us feel the meeting could be structured better to provide a balance between planners and does; in a way that all members can contribute more.
 - iii. A few members thought 2 hours once a month was too much.
